French Vanilla

Cherry Delight

**FRENCH VANILLA,
USPP34,246**

A+ Flower Power

These blooming machines will perform strong all season, with flowers from June through frost in the south, and July through frost in the north.

RED VELVET

Stunningly Versatile

The hotter and more humid the better they perform! Great as a foundation shrub, accent, mass planting, and look lovely as a patio plant!

Features

Heavy flowering on umbrella -like canopy, June through frost in the south & July through frost in the north.

Minimal annual pruning required in the landscape

Can be sold **in bloom** mid to late May from Florida-produced suppliers.

Classifications

Mounded Habit | Full Sun | Zone 6a

In the North

Height: 28-30"
Width: 30-36"
Spacing: 30-36"

In the North plants will die back to the ground each year and reemerge from the roots.

In the South

Height: 32-36"
Width: 36-48"
Spacing: 36-48"

In the South plant top growth is likely to survive most winters.
